MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Requests for CIA Speakers

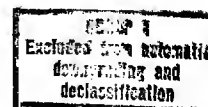

1. This memorandum submits recommendations for your approval; such recommendations are contained in paragraphs 2 and 4.

2. Attached at Tab A is the draft of a notice which sets forth the policies and procedures to be followed in response to requests for CIA speakers. These arrangements were worked out with George Moran and [redacted] If this notice is satisfactory to you, I will have it published soon.

3. [redacted] is preparing texts and outlines of speeches before non-Government groups which will be coordinated and approved in advance. In addition, I am looking into presentations by recruiters and members of the "100 Universities Program" to see if action is needed in these areas.

4. Existing commitments for presentations outside the Intelligence Community will be reviewed and will be submitted for current decision on their continuation. One such commitment is to the American University's Seminar and Workshop in Intelligence Analysis. There is very little documentation of this commitment except the two memoranda from [redacted] attached at Tab B) which refer to oral authorization by the then Executive Director-Comptroller in March 1964. The material presented to this group

UNITED STATES GOVERNMENT

Memorandum

TO : Director of Training

DATE: 19 November 1965

FROM : Chief, Intelligence School

SUBJECT: Participation of Agency Personnel in American
University Course

1. [] C/EAB/OS, called me on this request and suggested that it be referred to the Executive Director-Comptroller. He's probably right, but it's a bit sticky.

2. You and I know that Mr. Kirkpatrick approved the American University project when [] proposed it, approved [] retention on a consultant basis, approved [] retention of his clearance, and even enlisted Mr. Dulles' aid in getting the Foundation grant to finance the program; but there seems to be no written record of these actions. Mr. Kirkpatrick is gone, [] is gone, and Dean Griffith of American University is gone. You and I were involved only peripherally at the time the program was approved.

3. I suggest that I talk this over with [] and then, if the DDS approves, take it to Col. White for decision.

I'd like to be cut in on this review. Is it a bad precedent (or a good one) ? What does CIA get out of this participation?

is unclassified and I believe we should meet the commitment through the current academic year. Before the beginning of the next academic year, this commitment will be reviewed to determine whether or not it should be continued.
